AFTER SCHOOL CLUB

Join us for a free After School Club in May guided by designer Danielle Purkiss. Design and make animations using the software Adobe Creative Suite. You will explore the world of materials and their behaviour, and learn to use basic drawing and animation techniques. To participate in this workshop you will need a computer.

MATERIAL ANIMATION

This is an opportunity for 10 state school students (age 15-18). The objects designed in the After School Club will be exhibited online.
